## SKILLS AND PROFICIENCIES

- Nodejs, Golang, Python, Rust
- Postgres, Mysql, MongoDB
- Redis, Kafka, Rabbitmq, Bullmq
- CI/CD, Docker, Linux, AWS

Software Developer adept in bringing design, testing and maintenance of software systems. Equipped with a diverse and promising skill-set. Proficient in various platforms, languages, Experienced with the latest cutting edge development tools and procedures. Able to effectively self-manage during independent projects, as well as collaborate as part of a productive team.

## WORK HISTORY

### Backend Engineer . Contract

Blare Technology | Dec 2023 - Feb 2024

Designed, architected, built and implemented a robust and scalable server architecture to support HustleBetter's core functionalities and growth which facilitated Blare Technology's e-commerce solution called HustleBetter. This innovative platform aims to bring service providers and clients together, offering them the visibility they need through real-time data broadcast, seamless communication, and advanced queuing technology. Additionally, I integrated the Paystack API for secure and efficient payment processing.

### Full Stack Software Engineering . Contract

Silex Secure | Apr 2023 - Dec 2023

Developed, improved and shipped production grade enterprise solutions to Silex Secure clients, managed cloud VPS environments with linux and CI/CD.

### Backend Engineer

Medical Identification | Apr 2021 - Present

Led a team to research, build, and develop a blockchain-based health solution called MID. The primary goal of MID was to bridge the gap between healthcare providers and patients, addressing the significant healthcare challenges faced in Sub-Saharan Africa. These challenges include inequality, inaccessibility to healthcare services, and language barriers. By leveraging blockchain technology, MID aimed to improve data transparency, prevent data manipulation, and ensure secure, patient-protected record-keeping, and provide other healthcare related services such as virtual consultation, contraceptive ordering etc.
